

LIVE OUTSIDE ORDINARY™

SIGMADEK™
LIVE OUTSIDE ORDINARY

LIFEPROOF™

FOR LIFE

WEATHERTOUGH™ CERAMIC AND AEROSPACE GRADE ALUMINUM: MATERIALS THAT VIRTUALLY DEFY NATURE, TIME AND EVERYDAY WEAR.

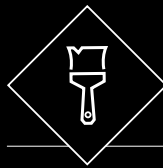

Why build with materials that will rot and succumb to the elements? We meticulously select materials that achieve our impeccable standards for long-term performance. A seamless blend of aerospace-grade aluminum and WeatherTough™ Ceramic surface forms an unheard level of resilience and a distinctive aesthetic. For LifeProof™ performance that lets you focus on enjoying rather than maintaining your deck.

ELIMINATES THE FLAWS OF TRADITIONAL DECKS

NO STAINING

Spills won't kill a good time. WeatherTough Ceramic surface does not absorb moisture, making unsightly stains a thing of the past.

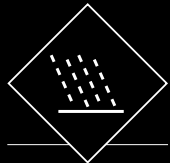

NO MAINTENANCE

Entertain. Don't maintain. No re-building or re-staining required. The ultra-low-maintenance surface cleans with mild soap and water.

NON-COMBUSTIBLE

Won't start or contribute to a fire. All SigmaDek™ components are inherently non-combustible.

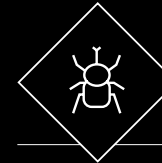

NO ROTTING

Impervious to nature's wear. Non-wood construction will never rot, crack or warp.

NO SCUFFING

Tough as nails. WeatherTough Ceramic surface will not scuff under normal use.

NO INSECT PROBLEMS

Not on a bug's diet. Our system's all aerospace-grade aluminum structure will experience none of the insect degradation that can plague wood decks, and requires none of the potentially harmful chemicals used in treated lumber.

NO FADING

Beautiful for life. Pigment-ingrained ceramic surface permanently retains color.

NO OVERHEATING

Barefoot approved — all summer long. Surface does not retain heat the way many composite deck surfaces do, for comfortable feet all summer.

**DESIGNED FOR THOSE WHO THINK OUTSIDE.
WHO EMBRACE CHANGE IN SEARCH
OF PERFECTION. AND WANT TO SAVOR
EVERY MINUTE OF OUTDOOR LIVING.**

See past the boundaries of tradition.

If you're ready to depart from the ordinary, SigmaDek offers you a dramatic change for better outdoor living. By challenging industry assumptions, we have redefined decking systems — with solutions that seem to defy nature and time with their resilience and beauty. It's time for a better way to live outside.

Bold new aesthetic.

SigmaDek redefines decking systems with engineering and materials never before seen on a deck. A blend of aerospace-grade aluminum and WeatherTough Ceramic surface creates a striking look unlike any other.

Better outdoor living.

Your outdoor space should be the home of spirited evening get-togethers, relaxing Sunday afternoons and great experiences all around — not a source of stress. SigmaDek systems are engineered for enjoyment, with virtually no maintenance.

REINVENTED FROM THE GROUND UP

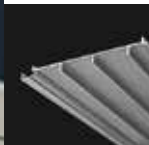

ENGINEERED DOWN TO EVERY DETAIL.

All SigmaDek components work together seamlessly to create a system that installs simply and delivers a lifetime of safe, worry-free, beautiful performance.

WE'VE THOUGHT OF EVERYTHING, SO YOU DON'T HAVE TO WORRY ABOUT ANYTHING.

Eight years of meticulous engineering, testing and countless iterations have yielded the ideal decking system. There's no alternative stronger or smarter. By challenging every aspect of traditional decking systems, SigmaDek eliminates the flaws of the past. You don't have to give a second thought to its safety or performance.

Aluminum board backer creates an interlocking "Tite-Fit" surface with no gaps between deck boards, and **reinforcing ridges** add structural integrity to the floor system.

Stair stringers made of rugged die cast aluminum come complete with toe kicks.

Durable box beam supports tremendous vertical loads.

Unique joist profile gives the deck structure amazing strength.

Aluminum ledger board securely and permanently fastens decking system to the house.

Multi-access adjustments easily maintain stability.

Architectural railing creates a stunning end effect, easily snaps into place, and provides a safe and secure connection to the substructure.

CUSTOMIZE YOUR SIGMADEK

**GET THE MOST
OUT OF YOUR
SIGMADEK BY**

tailoring its look
and features.

**SIGMASTRONG™
LIFETIME WARRANTY**

An unsurpassed level of construction quality exceeds safety standards and codes and is CORR Code Compliant. It's the only complete deck system to offer a limited lifetime warranty.

STYLE SELECTION

Glass Rail Panel Options

All glass panels can be installed with or without a top rail.

Sub-Structure and Rail Colors

Black

White

Clay

Virtually Endless Extrusion Colors

Choose a black or aluminum extrusion, or customize the color for nearly limitless possibilities.

Die Cast Aluminum Stairs

Beautiful yet durable stair system up to 18-ft. wide.
