

# BUILD OUTSIDE ORDINARY™

Distinguish your business with a dramatic change — one that offers your customers a better way to live outside. By challenging industry assumptions, SigmaDek™ has redefined decking systems, with a solution that virtually defies the wear of nature and time. You can offer customers a lifetime of zero maintenance, with a system that grows your success through faster installations, higher margins and much more. It's time to defy conventions and embrace a better way to build, with SigmaDek.

## SELL CUSTOMERS A LIFETIME OF WORRY-FREE PERFORMANCE

Crafted with a seamless blend of aerospace-grade aluminum and WeatherTough™ Ceramic, SigmaDek eliminates the flaws of traditional decks.

**NON-COMBUSTIBLE**

**SEISMIC RATED**

**NO MAINTENANCE**

**NO ROTTING**

## SIGMASTRONG™ LIFETIME WARRANTY

An unsurpassed level of construction quality exceeds safety standards and codes, and is CCRR Code Compliant. It's the only complete deck system to offer a limited lifetime warranty.

## A BUSINESS OPPORTUNITY LIKE NO OTHER

**The time is now.** There are more than 40 million decks in North America that are more than 20 years old. Be part of the revolution in replacing unsafe, rotten wood decks with SigmaDek systems.

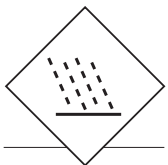

### FAST INSTALLATION

Get in and out of jobsites in record time. SigmaDek is engineered to install in hours, not days. The system is prefabricated at our production facility and arrives directly on your jobsite (no running back to the lumberyard). There is very little onsite cutting and measuring, and interlocking components greatly simplify installation, so you can finish the job fast.

### YEAR-ROUND INSTALLATION

Business never has to slow down. Because all the SigmaDek components are prefabricated and painted at our production facility, they can be installed in any weather, so you can get more jobs done in any season.

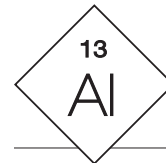

### GUARANTEED TO LAST

Sell confidently, with a system that won't let you down. SigmaDek is engineered to last, even in harsh coastal environments, with materials that defy the elements. You don't have to worry about expensive call backs to fix warped lumber, or concerns about degrading, rotting and other damage.

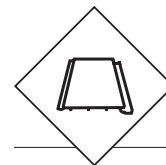

### MORE PROFIT

Redefines your bottom line. Time-saving installations and the opportunity for high margins means SigmaDek offers tremendous opportunities for profitability. Because it installs so quickly and easily, you can charge a higher hourly rate — without a need for highly skilled labor. There is also less site clean up expense because everything comes prefabricated.

### DIFFERENTIATE YOUR BUSINESS

The world's most advanced decking system. Distinguish yourself as the contractor who embraces the most forward-thinking innovations. We back you up with powerful selling tools that inspire your customers to choose a worry-free outdoor living experience.

### DELIVER CUSTOM SOLUTIONS

Easily tailor every job for every customer. Help your customers get the most out of their SigmaDek. We offer customizable deck board styles, colors and a host of accessories that maximize beauty and functionality — including under-deck storage, integrated lighting, glass rail panels, beautiful locking gates and more.
